Announcement

Title Basic Trainer Aircraft Systems(UH-2020-75 (FMV ref 429449-AI962214))	Procedure Negotiated procedure with call for competition	Deadline 2020-07-31 (electronic tender)
Contracting authorities FMV	Last updated 2020-04-20	Deadline for questions 2020-07-06 (electronic)
CPV-coding 35610000: Military aircrafts 34700000: Aircraft and spacecraft 34710000: Helicopters, aeroplanes, spacecraft and other powered aircraft 35600000: Military aircrafts, missiles and spacecrafts		Tender binding until 2020-12-31
Description The Swedish Armed Forces (SwAF) flight school is in need of a new basic Military Flying Training System.		

SwAF foresees that the new system is based on products/services as a complete system including; Basic Trainer Aircraft (BTA), synthetic training devices, part task trainer, computer based training, mission planning system, mission debriefing system, survival equipment, maintenance, spare parts, training courses and support. The idea with the Basic Trainer Aircraft is Commercial-Off-The-Shelf (COTS) aircraft without separate solution.
